About Me

I am Matthias Van De Velde, a 21 years old student at Ghent University College. I am currently in the final year of my bachelor education in Applied Computer Science. After I have obtained my degree, I plan to persue the field of Cybersecurity. My aim is to obtain certificates in pentesting and later transition into Red Teaming. During my studies, I had the opportunity to take 3 courses focused on CCNA preparation and to attend a 3-day CISA bootcamp.
